Please state your reasons for preferring home schooling. (optional)

Please carefully read the following and sign below:

I understand that I am registering my child as a homeschool student and that they will not be enrolled in an SD38 school. Homeschool programs are not supervised by SD38 personnel, and I recognize that I am responsible for delivering the curriculum and learning activities. If I wish to borrow learning resources or request an assessment of my child's learning, I will contact the school principal to discuss. If I choose to stop homeschool and to enroll my child into a SD38 school, I understand that I will need to re-register with SD38 Central Registration and that my registration and placement will be subject to established deadlines and space available at that time.
