June 27 - Report Cards come home

Volunteer Summer Watering

Dear parents,

We are looking for some families to volunteer to water the Cook School Garden for a week over the summer break. If you are in town and could help out by coming to Cook School to water the garden during the hot summer weather, please contact Mrs. Verkade at lverkade@sd38.bc.ca.

Please let her know your name, your child's name, who their teacher is and what weeks you are available (July 3-9, 10-16, 17-23, 24-29, July 31-Aug. 6, Aug. 7-13, 14-20, 21-27, Aug. 28-Sept. 3). You are also welcome to harvest any vegetables that are ripe while you are taking care of the garden and we would welcome some help weeding the beds if you are able to assist (the morning glory will choke the vegetables if we don't keep removing it from our garden beds).

Thanks for helping us care for this place!
